Carbo Calf

PREMIX of feed additives for Cattle
The product components support proper functioning of the digestive system and formation of normal stool. Plant extracts present in the preparation are rich in tannins and support digestion. Carbon and bentonite bind toxins.

Ingredients

charcoal (active), dried oak bark, dried willow bark, garlic oleoresin, oak wood extract, walnut extract, coriander extract, pectins, soybean oil, bentonite, polysorbate, xanthan gum

Dosage

calves: 20 ml of Carbo Calf preparation per a calf twice a day. Use for 1-3 days. Piglets: 2-5 ml twice a day. Use for 1-3 days.

Available in containers:

100 ml,
